This week's testimonial comes from the parents of a pupil who will be leaving us this year.

Cai started in Ysgol Heol Goffa 14 years ago, and the help he and we have had is second to none.

Cai attended a mainstream school which he found very hard. As parents we wanted more help for our son and approached the Local Authority for a more specialist placement, and that's when we got a place at Heol Goffa. Here he's treated as an individual who is the same as everyone else. His writing, speech and social skills have all improved so much. The school helped us as parents and Cai, looking back is definitely looking back at happy times.
